

## Environmental Assessment Training - Data Collection

This is to certify that

*Jan Kucera*

has successfully completed the above mentioned 3 day Alstom training programme from 28 to 30 September 2009 in Växjö, Sweden, and is now able to

- Collect data effectively so that it can be used by Process Experts in a Knowledge Centre
- Explain the factors affecting performance of the ESP
- Work with the Knowledge Centre for cost effective upgrade solutions as applicable
- Use Alstom Assessment Tool (AAT) as a platform for communication with the Knowledge Centre
- Pass the prerequisites for the next level of Environmental Assessment Training on Process

September 2009
